

THE PORTABLE SANITATION ASSOCIATION INTERNATIONAL

Whereas, the Portable Sanitation Association International (PSAI) is a worldwide non-profit trade association founded in 1971; and,

Whereas, the PSAI Education Initiative was created in 2013 with the mission to:

Enhance the image of portable restrooms, related equipment and services within the United States and throughout the world, and raise the general awareness of the value and benefits this industry brings to the human experience; and,

Whereas, the PSAI Education Initiative has led to the adoption of this Vision for the role of our organization in improving human life:

We will facilitate the exchange of ideas and resources between the portable sanitation industry and other organizations, raising the awareness of portable sanitation as an effective tool in helping combat the issues of environmental damage and the human health risks associated with the lack of access to adequate sanitation. Through communication and education, we hope to create a world where clean sanitary facilities are available to every human being, protecting their health, safety, and dignity; and,

Whereas, in furtherance of this mission and vision, a celebration of portable sanitation's contributions to the world will assist in raising awareness and conveying important information around the world;

Now, therefore, I, Jeff Wigley, President of the Portable Sanitation Association International do hereby proclaim

AUGUST 15

as

World Portable Sanitation Day

IN WITNESS WHEREOF

*I have hereunto set my hand and caused this seal
of the PSAI to be affixed this first day of
November in the year Two Thousand and Thirteen.*

W. Jeff Wigley

Jeff Wigley, President
PSAI, Education Initiative
