**HAVE YOU CONSIDERED SPONSORING A MEMBER?**

PSAI nonoperator Members have the opportunity to sponsor their customers!

**WHY SPONSOR**
You can build a loyal industry relationship for years to come, get a new operator up and running through access to our resources, and grow the base of customers visiting you at our events.

$250 PER SPONSORED OPERATOR COMPANY

This price is well below the lowest cost for Membership - because your decision to sponsor helps us both.

- Each sponsored Member operator company will enjoy the benefits associated with the bronze level of Membership.
- Within two days of receiving payment and activating the Membership, the sponsored company will receive an initial contact from the PSAI in the form of a call or email.
- Within two weeks of receiving payment and activating the Membership, a welcome packet of information will be sent via surface mail. (International Members receive their packet electronically due to shipping costs.)
- In addition to our usual methods of reaching out to Members whose annual membership is up for renewal, the PSAI staff will notify the sponsoring company when it is time for their sponsored Member to renew. This enables the sponsoring company representative to assist in converting the sponsored Member to full paid Membership in the second year.
- Operator companies may be sponsored more than once, but there must be a 3 year window before any sponsored company can be sponsored another time.

Entry into PSAI events is NOT INCLUDED with the sponsored Membership fee. See the back of this insert for more information.
