What You Need to Know about Sponsored Memberships

1. Sponsored memberships are \$350 per sponsored operator company per year. This amount is reviewed annually by the Board of Directors as part of the annual budgeting process for the PSAI.
2. Each sponsored member operator company will enjoy the benefits associated with the Bronze level of membership.
3. Within two days of receiving payment and activating the membership, the sponsored company will receive its initial contact from the PSAI in the form of a call or email. Within two weeks, a welcome packet of information will be sent via surface mail unless international mailing protocols present unforeseen barriers.
4. As is the case for all Bronze members, entry into PSAI events such as the Nuts & Bolts Educational Conference or the Annual Convention and Trade Show is not included with the sponsored membership fee. These Members are welcome and encouraged to attend the events at special Member prices.
5. The sponsoring supplier company may choose to allocate event tickets to which it is already entitled via its gold/platinum membership package to sponsored Members. If sponsoring supplier companies hold silver/gold/platinum status, they may also purchase extra tickets for sponsored operator Members at their package discount price. The sponsoring suppliers are under no obligation to do so.
6. In addition to its usual methods of reaching out to Members whose annual membership is up for renewal, the PSAI staff will notify the sponsoring supplier when it is time for their sponsored operator to renew. This enables the sponsoring supplier to assist in converting the sponsored operator to paid membership.
7. Operator companies may be sponsored more than once, but there must be a 3-year window before said operator company can be sponsored another time.
