

PSAI Committee Reports

June 18, 2025

AWARDS COMMITTEE

Dear Award nominations have opened and will be accepting nominations through August 8th. One nomination has been received so far for Service Tech of the Year

CERTIFICATION COMMITTEE

Dear Board,

EXCITING NEWS! We have had the first 6 individuals complete BOTH their Training and Certification through the LMS (Learning Management Software)!!!

In addition, 9 individuals have completed their BSTT training through LMS.

The Non-Certificate Training now has a draft of the Learning Objectives based on the Knowledge Domains.

Our next meeting is July 21st, where we hope to finalize these Objectives and begin planning our next steps in this process.

Respectfully submitted,
Jeff & Steve

EVENTS COMMITTEE

Dear Board,

We have been working very diligently before everyone's "Busy Season" kicks into high gear.

Convention and Trade Show - Daytona - November 4-6, 2025

At the last Events Committee Meeting this past Tuesday, it was announced that volunteers - and backups - have been secured for all Roundtables. The topics to be covered are:

- Summer-izing Techniques (Heat, Humidity, Storms)
- Technology: Tracking and Monitoring
- Technology: SEO and Marketing
- New in Business
- Special Events
- Disposal Issues
- Recycling Units at End of Use
- Diversify Your Business Beyond Portable Restrooms
- Employee Hiring, Human Resources, Staff Outsourcing
- Workplace Safety and OSHA

HOLLways are soon to be finalized with all participants. (Topics were shared in last month's report)

PSAI Committee Reports

June 18, 2025

KEYNOTE SPEAKER: Michelle Gielen. She will be speaking on resilience and optimism. We met with her and feel that this will be an excellent session on a great topic.

International Nuts & Bolts - Playa De Carmen, Mexico - March 2026

The primary focus is on determining the issues and the interests of portable restroom operators and suppliers in all 3 areas of this part of the world - Mexico, Central America, and South America. Once we are more familiar with this information, we can better tailor our Roundtable Topics, Panel Discussions, and Speakers to meet these needs. Several ideas were:

- Work with our International Sales Reps to get their ideas and to share customer contacts with us to interview
- Create surveys for companies in these areas to ascertain topics of interest
- Engage the International Task Force to help with these efforts

We will begin these efforts immediately.

We also need to determine if a site visit is feasible and worthwhile. The publicity and recruitment launch of this event will be in July.

Respectfully submitted,
Jeff & Michelle

LEADERSHIP DEVELOPMENT COMMITTEE

The LDC is conducting interviews with all 8 applicants throughout the week of June 16th. Prepared questions and a scoring rubric will be used to guide the committee's determination for an applicant is appropriate to move forward to the candidacy stage. The committee anticipates a strong pool based on the high quality of applications received.

MEMBERS BUSINESS SUCCESS COMMITTEE

In lieu of a meeting this month, the MBSC hosted a virtual round table instead. The topic was on restroom trailers and had record registration and attendance for a VRT since Covid. Thanks to Wendy, Trevor, and Josh for facilitating a great discussion.

SCHOLARSHIP COMMISSION

The Commission reviewed several key items related to PSAI's scholarship program. They agreed to maintain current award levels, which exceed the average of similar programs. The cost for a "Donate Now" button managed by Scholarship America was deemed worthwhile, and a budget request will be made for the next fiscal year. Establishing an endowment was considered but not recommended due to high initial fundraising requirements and long-term limitations. Creating a separate 501(c)(3) entity may be revisited in the future but is not currently advisable due to

PSAI Committee Reports

comparable administrative costs. The fund will continue to be managed through Scholarship America for now.

The Commission discussed revising eligibility criteria and considered ways to invite member contributions. Plans are underway to reinstate a silent auction and explore a live auction at an upcoming event. Updates to sponsorship and donor materials are in progress, and members will contribute input to build a compelling case for support. Finally, the group plans to develop a campaign proposal featuring multiple contribution options and a one-page program summary.

STANDARDS & GUIDANCE COMMITTEE

Standards & Guidance Committee Update

The Standards & Guidance Committee is actively working on several initiatives to enhance engagement and accessibility for ANSI standards:

- Promotion of the two ANSI standards through improved searchability, bold calls-to-action, and integration into VRT membership benefits.
- Development of trivia questions to engage audiences on social media and other platforms.
- Reframing the announcement of standard revisions with targeted messaging on significant changes and their importance.
- Drafting a trailer standard, with a subgroup tasked to outline a purpose and scope.

Notes:

- The committee reviewed and discussed simplifications to the trivia questions designed for social media, newsletters, and other communications. Veronica Crosier will revise these and tailor them for different platforms.
- The committee worked on drafting a purpose statement, focusing on health, safety, and maintenance, while being cautious about addressing manufacturing. They will next consider scope and refine the language of the draft standard, noting that the Public Review and Consensus Body process will likely bring significant feedback.
- The Hype Committee has not yet met but plans to do so before the next meeting. The next committee meeting is scheduled for Wednesday, July 9th, at 12:00pm ET.

SUPPLIER COMMITTEE

Supplier Committee is working in two subgroups currently. One is focused on new supplier/general member recognition ideas and the other is working on improving PSAI's educational offerings.

Notes from the recognition Subgroup which discussed a "Hall of Fame" idea recently:

Key questions identified to frame out for Hall of Fame:

PSAI Committee Reports

June 18, 2025

Was this person a board member

Was this person committee member or chair

What does time served, and consistency mean for this

Was this person an innovator. Products or Technology

Was this companies' contribution based on time and consistency

Impact award that recognizes the contributions that represent the industry to an above and beyond standard. Define what does this mean for recognition of operator or supplier employees who meet or exceed this.

The education subcommittee has been reviewing sections of content in the Resource Library and is creating a list of suggestions, edits and eventually some new content for consideration.

TRAINING COMMITTEE

Certification numbers were discussed at our most recent Board Strategic Planning meeting in Boise. In light of that, we did a quick review of total training numbers. A brief look shows that over 300 people received PSAI training from 2022 to present. This does not include training offered at WWETT. Danial is doing a deeper dive to retrieve more accurate numbers.

The Spanish translation of the BSTT is complete. Formatting is complete. Slide shows for 2 of the 3 modules are complete. A trial run of the Transporte y Logistica y Saneamiento Portatil course is set for August 21. Steve Ritter will be presenting this training with several bilingual participants from training committee member companies. The goal is to present the course, then follow with an immediate discussion regarding the translation and content.

Training courses are set for the CTS in Daytona. Training will be offered in three rooms with 9 individual courses taking place.

Josh Perez has stepped down as the co-chair of the committee in order to be able to focus his time and energy on his upcoming elevation to the Executive Committee as Board Secretary. Nominations have been made by the committee for someone to take his place. This appointment should be made prior to our Board meeting
